

## PARKS & RECREATION DEPARTMENT

RECREATIONAL PROGRAMS | SPECIAL EVENTS | PARKS & FACILITIES

November 19, 2019

Attn: Skaggs Foundation Board of Directors

I wanted to take a moment to express my gratitude for the support the Skaggs Legacy Endowment has shown to the Branson Parks and Recreation Department over the years. We have been fortunate to receive much needed financial assistance to support scholarships for area children to be able to participate in our youth sports program. Over the past few years we have awarded a total of 370 scholarships to more than 180 families in our community.

The scholarship program has been received very well by the community. Parents often express their appreciation and tell us their children would not be able to participate without this financial assistance. During our most recent registration period for fall soccer, one mom commented that she was so happy that she did not have to choose which of her three children would be able to play in the soccer league. We also provide assistance to foster families through this program.

There is no doubt that the support provided by the Skaggs Legacy Endowment has improved the health, wellness, and quality of life for countless residents of our community through participation in youth sport programs that they would not have otherwise been able to afford. Thank you for your support.

Sincerely,

A handwritten signature in black ink, appearing to read "Cindy Shook".

Cindy Shook

Director Parks & Recreation
